Portfolio

Designed in Korea

Our R & D center is located in Seoul, South Korea. Creative designers and artists work together creating unique product designs for clients in various fields.

Manufactured in China

Over the last several years, we have invested our efforts in establishing a stable and prompt manufacturing hub in Guangzhou, China.

Manufactured in China

Being located just next door to the World's largest Shiling material market, we could source the needed materials "VERY" fast. Speed is one of our great advantages and better quality service that we are providing to our clients.

Manufactured in Vietnam

We have expanded our manufacturing to Vietnam in Mid 2019. Our strong partnerships with major brand factories have allowed us to continuously provide our professional service to the clients.

Manufactured in Vietnam

"Finding a good factory is like a diamond in the rough,
it's the professional management that makes the stone sparkle"

e.tribe

Manufactured in Vietnam

We believe that manufacturing in Vietnam would be the ultimate destination for many brands for the coming years.

and,

We are right here for you.

Manufactured in Vietnam

We are also working with a few local factories, sharing our know-how and experience to help them fully function independently.

Manufactured in Vietnam

We continue to expand our production capacity and strengthen the management system providing a top-notch service and satisfying quality, price, and delivery.

Focused & Moving Forward

MORE THAN A PARTNER

The following are some examples of our collaboration that we can share with you.

A young girl with blonde hair in a ponytail, wearing glasses and a dark blue jacket, is shown from the side. She is holding a metal door handle on a teal door. She has a large, bright blue backpack on her back. The background is a classroom with a wooden table, a stuffed animal, and another child in the distance. The text "Die Scout Ergonomie" is overlaid on the left side of the image.

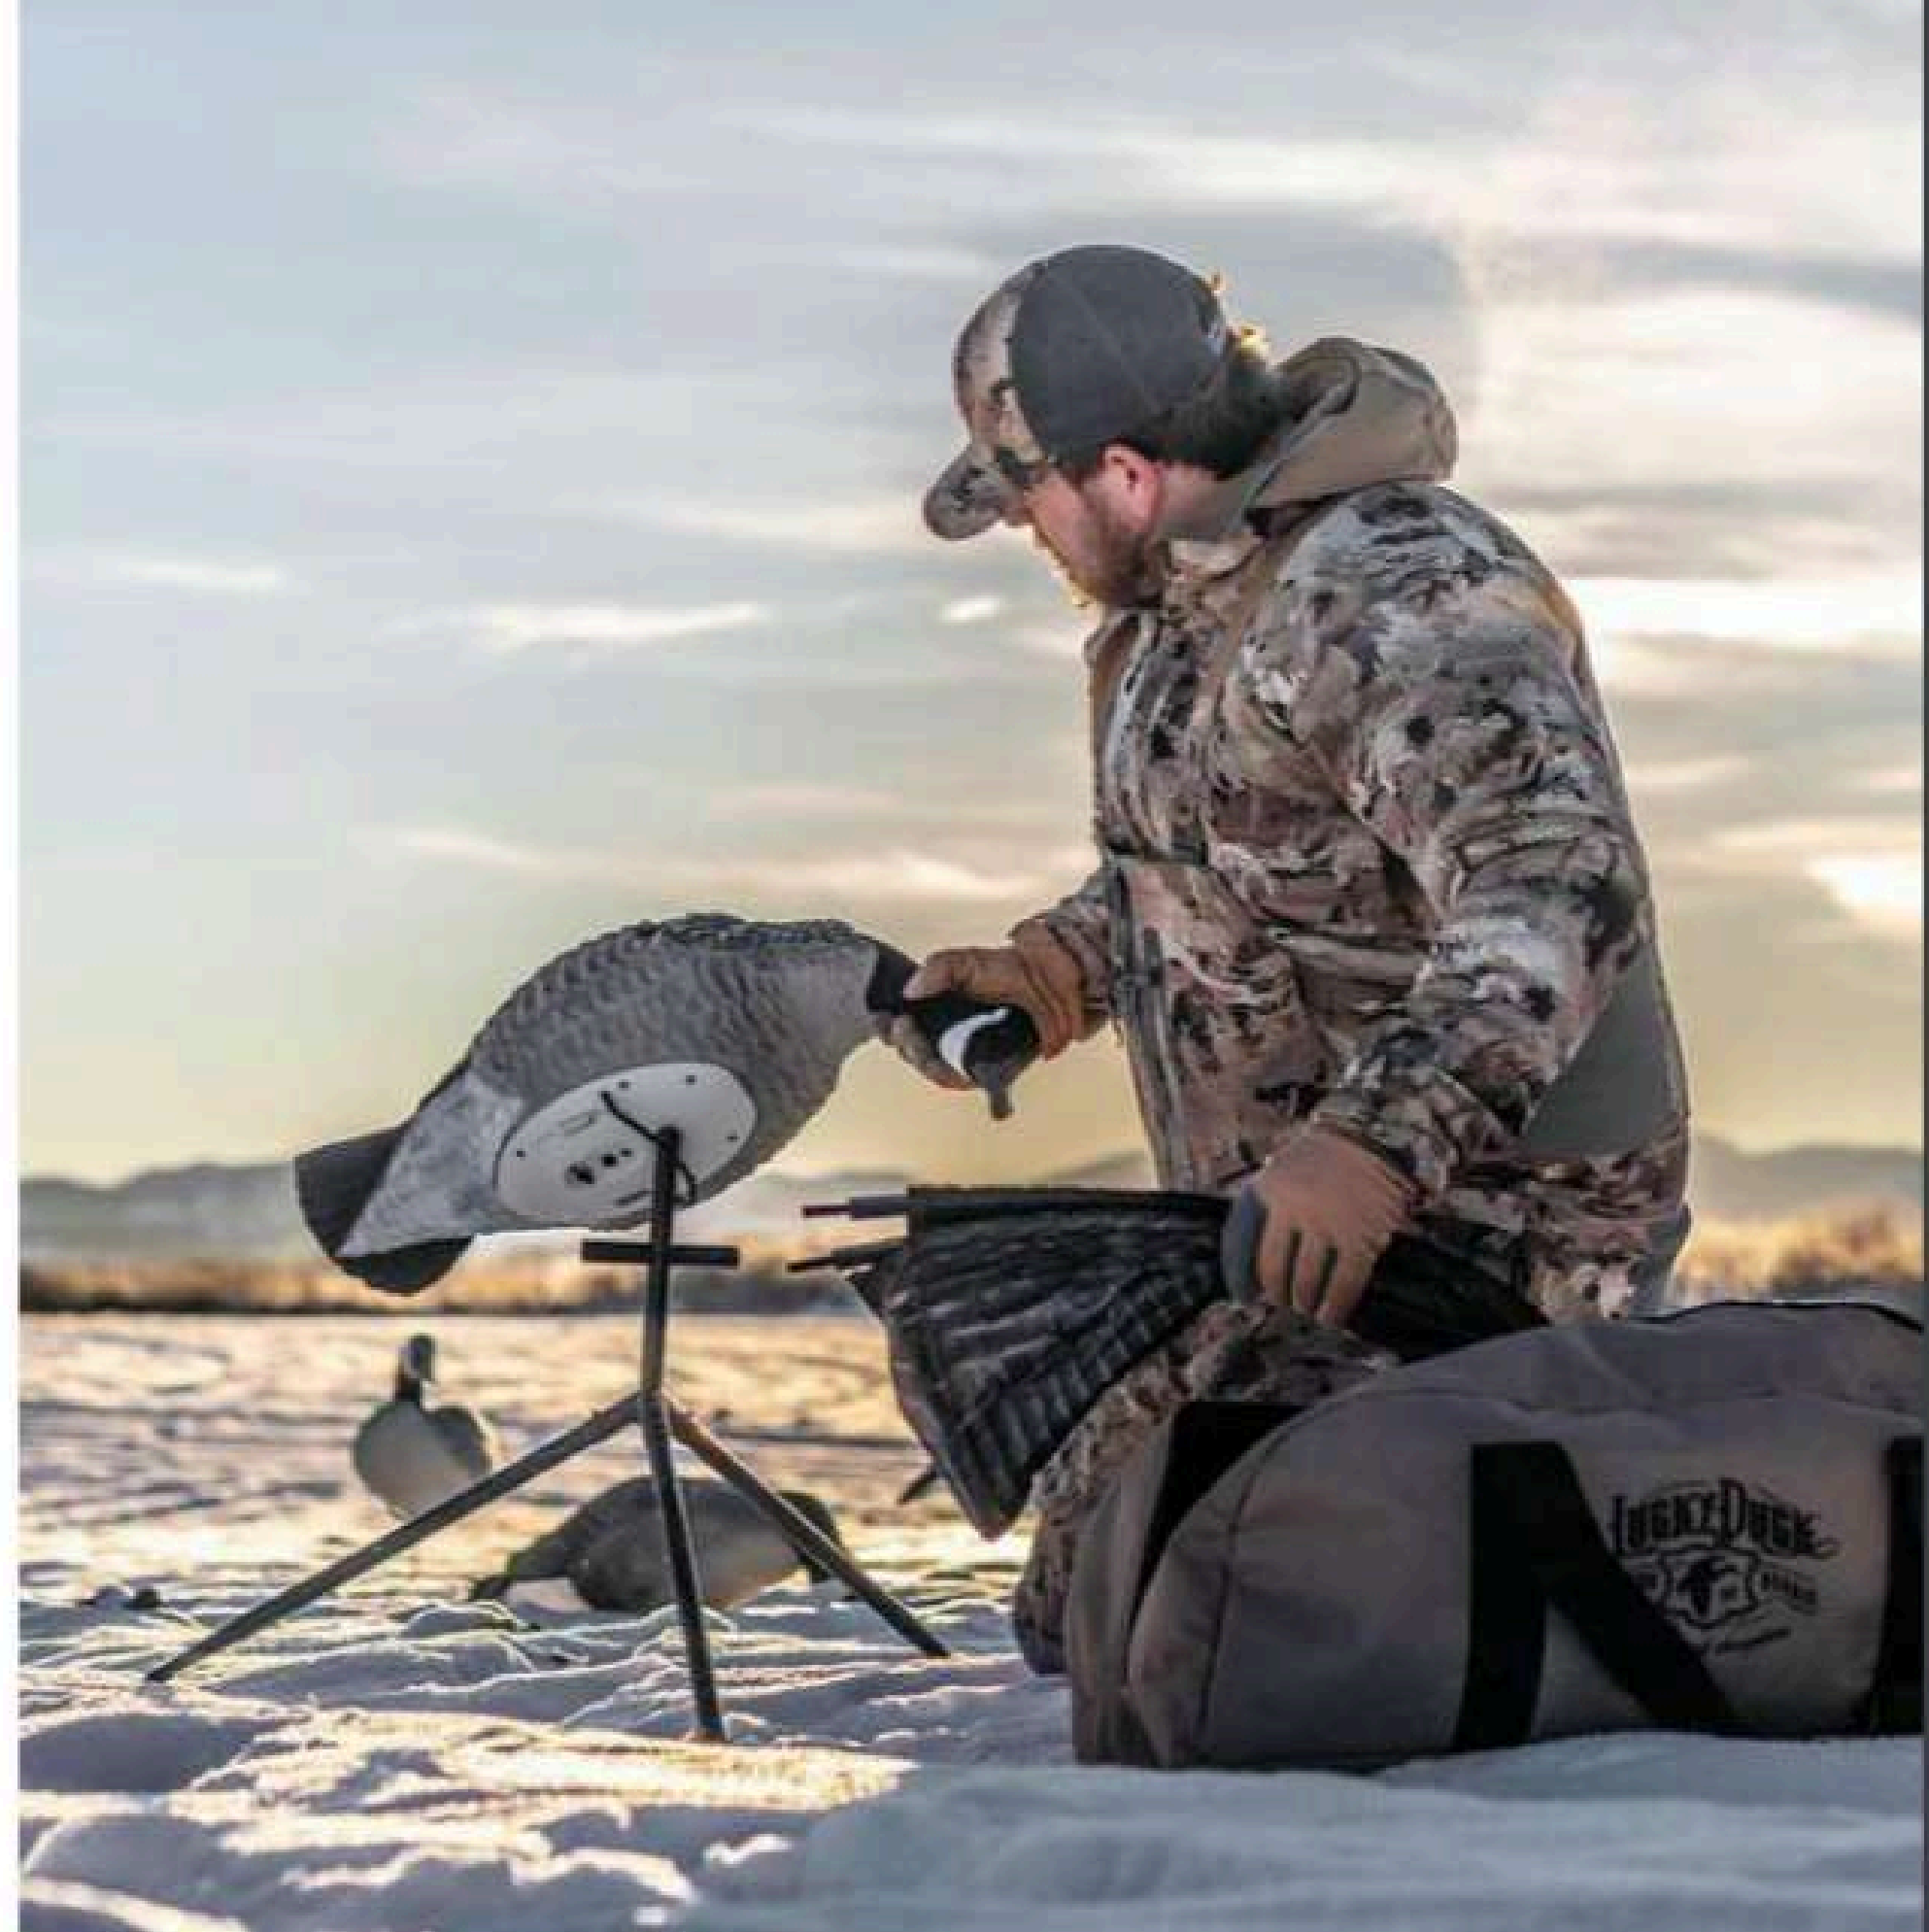

**Die Scout
